LEGAL.

SUMMONS.

IN THE DISTRICT COURT OF THE STATE OF Nevada, in and for the county of Washoe. The State of Nevada sends to M. Raphael Guezzi: You are hereby required to appear in an action commenced against you as defendant by Chas. Kaiser, as plaintiff in the District Court of the State of Nevada, in and for the county of Washoe, and answer the complaint therein within ten days after the service on you of this summons (exclusive of the day of service). If served in said county or twenty days if served out of said county, and within said District; and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover a decree and judgment against you for foreclosing that certain mortgage made and executed by you in favor of said Chas. Kaiser and dated at Washoe, Washoe county, Nevada, September 3, 1884, said mortgage being upon that certain real estate situated in said county and described as follows: to wit: lots 11, 12, 23 and 24 in Block 2, in the new town-site of the town of Washoe, being 50 feet fronting the depot and running back 180 feet, together with the two buildings thereon. Said mortgage was made by you to secure the payment of your certain promissory note made, executed and delivered by you to plaintiff of even date with said mortgage for the sum of \$1,000, due two years after date with interest at 1 per cent per month until paid, all of which will more fully appear from complaint which is on file in the office of the Clerk of said Court at Reno, in said county, and to which you are especially referred.

And you are further notified, that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded. In testimony whereof, I have hereunto set my hand, this 17th day of April, A. D. 1890.

ADMINISTRATOR'S NOTICE.
IN THE MATTER OF THE ESTATE OF Catharine Kanyon, Administratrix of the estate of A. L. Kanyon, deceased, for a sale of the real estate said deceased.

Notice is hereby given that all persons interested in and appear before the Judge of the District Court of the State of Nevada, in and for the county of Churchill, at Silver Lake, on the

NOTICE.
IN THE DISTRICT COURT OF THE STATE OF Nevada, in and for the county of Washoe. In the matter of the estate of Chas. Kaiser, insolvent.

The petitioner, Chas. Kaiser, insolvent above named, has caused to be filed in said court his petition in insolvency, wherein there is a prayer that he be allowed to make an assignment and cession of his estate, real and personal, as directed by law, and that he be discharged from his debts and liabilities. In obedience to the direction of the Judge of said court, notice is hereby given to those who are creditors of said Chas. Kaiser, insolvent, to be and appear before the Hon. R. R. Bigelow, Judge of said court at Chambers, in open court, at the hour of 10 o'clock, in the forenoon, on the 10th day of May, A. D. 1890, to show cause why the prayer of said insolvent should not be granted. Dated April 3, 1890.

DISSOLUTION NOTICE.
THE PARTNERSHIP heretofore existing between J. S. Shoemaker and W. W. Campbell as druggists in Reno, Nevada, under the firm name of J. S. Shoemaker & Co., was by mutual consent dissolved on the 8th day of April, 1890, W. W. Campbell retiring from the business and partnership. The business will hereafter be conducted at the old stand by J. S. Shoemaker and O. B. Ruth, who will collect all bills due to, and pay the liabilities of the old firm of J. S. Shoemaker & Co.

NOTICE TO CREDITORS.
MATTER OF LAST WILL AND TESTAMENT of Heister Stephens, deceased. Notice is hereby given by the undersigned, Mary Stephens, Executrix, and Barrett G. Olow, Executor, of the last will and testament of Heister Stephens, deceased, to the creditors of, and all persons having claims against said deceased, and his estate, to exhibit the same, duly verified, with the proper vouchers in support thereof, within ten (10) months from the date of the first publication of this notice, to the undersigned, at their office for that purpose, at the residence of said Mary Stephens, at the northeast corner of Front or First street and Sierra street, in the town of Reno, Washoe County, State of Nevada, for settlement.

DAILY NEVADA STATE JOURNAL

C. C. POWNING, Editor and Proprietor

LAKE TAHOE.

Von Schmidt Defends His Rights.

EDITOR BULLETIN:—The item published in your paper of the 7th, containing a protest of the people of Reno, Nev., against the Lake Tahoe and San Francisco Water Works, from taking water from Lake Tahoe for the supply of the city of San Francisco or any town or city on the line of works, just at this time, is very plain to every one whence it originates.

The papers just at this time give accounts of the great freshets along the Truckee river. Notwithstanding the gates of the Lake Tahoe Water Company's dam, at the outlet of the lake are now closed, the entire lake will be raised six feet before it runs over the waste weir. Now all the water our company propose to draw from this surface of water is less than a foot a year.

It has also been stated, over and over again, that for four months of the year, while the snow is melting, the company have all the water [they want?] on the west side of the mountains near Soda Springs on the South Fork of the North Fork of the American river. Therefore, the Lake Tahoe and San Francisco Water Works will draw for only eight months from Lake Tahoe.

The people along the Truckee will always have water, and I will assure them that the company will, if necessary, at very dry seasons, cut a channel from the company's second dam into the lake and lower it ten to fifteen feet if necessary. So far this portion of the case is explained.

We all know that the greater part of Lake Tahoe (three-quarters) lies within the State of California; nine-tenths of the watershed is also in this State. The Truckee river runs over thirty miles in this State before it enters Nevada, thence in an easterly and northeasterly direction into Pyramid lake, where it becomes alkalized and is not fit for use.

Now is it possible that a city of a population of 350,000 alone, as San Francisco is to-day, shall be deprived of a mountain supply, within her own State, because a water company, now supplying the city, objects; or that a few men in the Sagebrush State want to see the water run to waste out of spite? It does not appear that a few should stop a work that will benefit the whole country through which the water will be brought when we consider that the entire population of the State of Nevada is only 40,000—nor do they all live on the Truckee river at Reno.

Those people speak of their rights, but want our rights and nothing more. The Lake Tahoe and San Francisco Water Works have the first right. And I herewith give our title. If anyone has a better, let him come forward or forever after hold his peace:

TITLE.

The company's title and ownership to the waters, and right-of-way, is acquired and confirmed under and by virtue of the incorporation laws of the State of California, and by an Act of Congress of the United States, passed July 25, 1866, entitled "An Act granting the right of way to ditch and canal owners, over the public lands, and for other purposes." At the second dam heretofore referred to, the company own by location and purchase from the University of the State of California, a patent to the southwest quarter of section 34, township 16 N., range 16 E., Mount Diablo base and meridian. This location embraces the bed of the Truckee river for the distance of one-quarter mile. Sections 2,338 and 2,340 affirm the water right acquired under the Act of 26th July, 1866—United States Revised Statutes, enacted by Congress, 22d day of June, 1874, page 432.

Section 2,338. Whenever, by priority of possession, rights to the use of water for mining, agricultural, manufacturing or other purposes have vested and accrued, and the same are recognized and acknowledged by the local customs, laws and the decisions of the courts, the possessors and owners of such vested rights shall be maintained and protected in the same; and the right of way for the construction of ditches and canals for the purposes herein specified is acknowledged and confirmed; but whenever any person in the construction of any ditch or canal, injures or damages the possession of any settler on the public domain, the party committing such injury or damage shall be liable to the party injured for such injury or damage.

Section 2,340. All patents granted, or pre-emption or homesteads allowed, shall be subject to any vested and accrued water right or rights to ditches and reservoirs used in connection with such water rights as may have been acquired under or recognized by the preceding section.

The Lake Tahoe and San Francisco Water Works are acting in good faith. They want to have every city and town from Auburn to San Francisco to own its own water-works. We are for the people, and not corporations that charge more for water than it costs a family for bread.

Yours respectfully,
A. W. VON SCHMIDT,
President Lake Tahoe Water Works.
May 8, 1890.

In another column will be found a letter from Von Schmidt the Tahoe water scheme, written to the San Francisco Bulletin, which will be read with interest by people along the Truckee river. Mr. Von Schmidt will find that the people of Nevada are in earnest in their objection to having the waters of the Truckee river diverted from their natural channel, when he attempts to appropriate any of it.

Assays are said to have been made from the new ore body in the No. 17 level of the Idaho mine at Grass Valley that go up to \$2,300 to the ton. The ore is reported to be showing gold across the full face of the drift.

NEWS OF THE MORNING.

TWO HUSBANDS MURDER THEIR WIVES AND THEN KILL THEMSELVES.

The Tariff Debate in the House—Telegraphic News From All Over the World.

Senate.

Special to the Journal.

WASHINGTON, May 9.—Hale moved an amendment to the Army Appropriation bill, providing that no alcoholic liquor, beer or wine be sold or supplied enlisted men at military posts. Cockerill moved to amend the amendment by striking out beer and wine. No quorum voted and the Senate adjourned, leaving Hale's and Cockerill's amendments pending.

House Proceedings.

Special to the Journal.

WASHINGTON, May 9.—Caldwell, of Ohio, to-day introduced a bill to prevent the decoration of the United States flag by printing on it advertisements, etc., making such an offense a misdemeanor punishable by a fine of \$50 and imprisonment for thirty days or both.

Representative Morrow, from the Committee on Foreign Affairs, to-day reported a resolution requesting the President to open negotiations with Mexico for the promotion of commercial and friendly relations and the adjustment of boundaries.

In the Tariff debate, Gear, of Iowa, speaking of free sugar said if the United States could produce enough sugar to supply the domestic wants he would foster it by a fair protection, but he believed the United States must look to other countries for her sugar. He said this bill gave cheap sugar to the people and destroyed the sugar trust.

Crisp, of Georgia, said he did not believe protection had been beneficial to the manufacturer, and he was sure the system had been injurious to the farmer and laborer. He disputed the statement of the Republicans that they were recording the verdict of the people and said it was generally believed that protected industries had raised a campaign fund with which they bought voters in blocks of five.

Payne, of New York, in speaking of the intimation of McMillan, of Tennessee, that the Postmaster General had contributed money to the campaign fund, said he noticed McMillan said nothing about the Democratic Presidential candidate and Cabinet officers who stepped up to the Captain's office and settled it in violation of civil service law. Of course that money was not to buy votes.

Wheeler spoke against the bill and a recess was taken.

Nevada's Board of Trade Letter.

Special to the Journal.

SAN FRANCISCO, May 9.—A letter has been received by the Clerk of the Board of Supervisors from the State Board of Trade of Nevada, protesting against the project by which the Lake Tahoe Water Company is undertaking to have the city adopt. The protestants claim that no individual has any right to usurp the waters of Tahoe. The Truckee river which flows down through Reno and Washoe valley is a great benefit to a vast area of country for irrigation purposes. This river has its source in Tahoe and if the lake were to be tapped for San Francisco's water supply as contemplated, it would, it is claimed, result in untold loss to all property owners along the line of the river.

Fraudulent Life Insurance.

Special to the Journal.

CHICAGO, May 9.—A dispatch from Denver to-night announced the arrest of Dr. Meyer and wife on the request of the Chicago authorities. Meyer's wife is the daughter of C. C. Dressel, an aged gentleman whose life is alleged to have been insured in the Germania Company, of Chicago, for \$5,000, the fraud consisting in presenting a bogus Dressel for examination. Meyer was the consulting physician of the Germania Company. It is asserted that a number of other cases of like nature have been unearthed.

Drink Causes a Double Tragedy.

Special to the Journal.

CHICAGO, May 9.—This afternoon John M. Winstead, while intoxicated, went and demanded money of his wife, which she refused. Winstead drew a revolver and shot his wife in the presence of his twelve-year-old son. The wretch then shot himself through the heart.

Young Desperadoes Captured.

Special to the Journal.

SANTA FE, May 9.—Leo White and Frank Cody, the young desperadoes who have terrorized Southern New Mexico and who robbed the freight men at Lamy Junction last Wednesday, were arrested in the Sandia Mountains yesterday. They were brought here and will have their trial to-morrow.

Murder and Suicide.

Special to the Journal.

MAZEPPE, May 9.—This morning Constantine Schaeffer, a farmer living at Chester, while temporarily insane killed his wife and child and then himself. No particulars learned.

New York's Law Makers Adjourn.

Special to the Journal.

ALBANY, N. Y., May 9.—The Legislature adjourned sine die to-day.

Has Turned Her First Century.

Special to the Journal.

NEWBERG, N. Y., May 9.—Mrs. Ann Hyde, of Fishkill Landing, will be one hundred and one years old to-morrow. She was born in Fishkill village, and is now living with her great nephew, John Statesburg, of the firm of Statesburg Bros. Her general health is good, although her lower limbs are stiffened to such a degree that she moves with difficulty, she dislikes to be waited upon and attends to her own needs. She receives a pension as the widow of a soldier of 1812, and is the oldest pensioner on the rolls. She has outlived several relatives who took her to live with them for the balance of her life.

Temperance Champions Sail for England.

Special to the Journal.

NEW YORK, May 9.—Miss Julia Ames, who during the past year has been editing the Union Signal, sailed for England to-day in the City of Chester, in company with Mrs. Frances C. Barnes. Miss Ames and Mrs. Barnes are delegates from the World's and National Women's Christian Temperance Union to the annual meeting of the British Women's Temperance Association, of which the late Mrs. Margaret Bright Lucas was President. Miss Ames will be the guest of Lady Somerset while in England and Miss Helen Richardson, daughter of John Grubb Richardson, the great linen manufacturer, while in Ireland.

An Inquest on the Victims of an Explosion.

Special to the Journal.

CHICAGO, May 9.—The inquest on the victims of the sugar refinery explosion was resumed to-day at the Maxwell street police station. There were no new developments and the testimony was merely a repetition of the reports that had been published concerning the explosion. Some of the wounded men are yet under medical care and another postponement will be necessary if the Coroner should decide that their evidence is required.

Baseball Notes.

Special to the Journal.

NEW YORK, May 9.—Players—New York 2, Boston 4; Philadelphia 5, Brooklyn 7; Nationals—Philadelphia 3, Brooklyn 1; New York 16, Boston 3; Cincinnati 10, Pittsburgh 5.

The National and Player's games at Chicago and the Player's games at Cleveland were postponed on account of rain. American—Syracuse 4, Rochester 7; Brooklyn 2, Athletic 4. The games at Toledo and Columbus were postponed on account of rain.

SACRAMENTO, May 9.—Sacramento 1, San Francisco 6.

The Agent Gets Hair.

Special to the Journal.

EL PASO, TEX., May 9.—Agent Goss is \$1,500 better off than he was yesterday. As a freight train was about to pull out this evening at Paso del Norte, he noticed that the seal on a cfr was broken. He investigated and found in the car \$3,000 worth of cotton cloth, hid in a stack of railroad ties, which he seized as smuggled goods. Goss gets half the value of the find.

California's Floral Fair.

Special to the Journal.

SAN FRANCISCO, May 9.—At a meeting of the State Floral Society to-day the President stated that the floral fair to be held on the 19th instant promised to be a great success, and it was expected that contributions would come from all parts of the State and from adjacent States and Territories.

Not Fast Enough.

Special to the Journal.

LOS ANGELES, May 9.—Ah Lung, the Chinaman, who was shot in the abdomen in a quarrel in Chinatown last night, died this morning. The murderer is himself badly wounded.

Gov. Waterman Visits the Charleston.

Special to the Journal.

SAN FRANCISCO, May 9.—Governor Waterman and staff visited the cruiser Charleston to-day in response to an invitation from Rear Admiral Brown.

President Rodriguez Sworn In.

Special to the Journal.

SAN JOSE, Costa Rica, May 9.—President Rodriguez took the oath of office before Congress to-day. A Cabinet was also inaugurated.

It is said that there will be a scarcity of fireworks this year in consequence of trouble and strikes. The supply in this country is very small, and not more than 450,000 boxes can be imported between now and the 1st of July. However much this news will disappoint Young America, it will be hailed with delight by those who no longer express their patriotism by firing off this noise-producing invention.

An ocean steamer has been projected which, it is claimed, will cross the Atlantic between Queenstown and Sandy Hook in about three days and thirteen hours, averaging a speed of twenty-one to thirty-four knots an hour.

When Baby was sick,

We gave her Castoria.

When she was a Child,

She cried for Castoria.

When she became Miss,

She clung to Castoria.

When she had Children,

She gave them Castoria.

Paint your house with the best mixed paints. Sold by Lange & Schmitt.

MISCELLANEOUS.

WHAT IS SCROFULA

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors;" which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla. "My daughter Mary was afflicted with scrofula, and she became so much worse that she was almost blind. She was six years of age. Lumps formed in her neck, and one of them after growing to the size of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lump and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." J. S. CARLISLE, Nauright, N. J. N. B. Be sure to get only

NEXT WEDNESDAY May 7th, at 2 o'clock, P. M.,

GEORGE KROG

Will, at his establishment of business on Second street, First National Bank building.

Commence at Auction

DAILY NEVADA STATE JOURNAL

PRICE OF DAILY JOURNAL,
12½ CENTS PER WEEK.

BREVITIES.

Yesterday was a cold and windy day. Sunderland now has his store illuminated with incandescent lights.

Don't complain about the cold weather. It will be warm enough before the summer is over.

The cold weather has caused the river to fall considerably, and it is not likely that it will again raise as high as it has been.

All the secret societies, fire companies and other organizations in Carson City have been invited to join the Decoration Day procession.

Supt. S. L. Jones, Evan Williams and H. M. Yerington are inspecting mining property in Cerro Gordo district, Inyo county, Cal.

A special train, containing the First United States Artillery, under command of Colonel L. L. Langdon, passed East yesterday morning.

The auction sale at George Krog's is postponed until further notice is given, but the private sale will be continued and goods sold at cost.

At the regular monthly meeting of the Caledonia Club held in Virginia, it was resolved to hold the established annual picnic of the society as usual, on Saturday, August 9.

A large number of Renoites went to Verdi to attend the free dance given there last night. Several went on the train yesterday morning and almost all the available rigs were called into use last evening to convey the dancers there.

Carson pays 5 cents more a box for strawberries than Reno, and yet Reno pays more than it ought to. They have been retaining San Francisco for the past two weeks for 10 cents per box. Does the freight amount to 10 or 15 cents per box?

THE STOCK MARKET.

How the Industries of the Nation are Being Fostered.

The Virginia Enterprise says: The mining share market in San Francisco is dull. It is hard to get men to take hold of and help along with an industry on which the pets of the Government are allowed to prey. Stockholders have for years been faithfully putting up their money in paying assessments on mines which would not only pay all expenses of prospecting and working, but also, in many cases, yield a small profit, except for the discount in silver. This is taxing our citizens to give a profit to the British bullion-buyer. He reaps the reward that should accrue to the people here, who are striving to develop the mines of the country, and they get nothing. The money that our people sink and lose is resorted in the hands of the London dealer in silver bullion, who, in India, finds it as good as gold. He there buys with it wheat and cotton; therefore, the money our stockholders are paying to keep mines alive is, by the present financial mismanagement of the Government, made to tell against our farmers and planters. Thus the people of this country are being cut as by a double-edged sword. We are sinking money to produce silver on which the British dealer makes a profit, which he uses to kill our growers of wheat and cotton.

New Hall.

Summit Lodge, No. 54, K. of P., of Truckee, has resolved to build a hall for the use of the order. The hall is to form the entire second story of the building now in process of erection belonging to Wm. Irwin next to the livery stable at the east end of the plaza in that town. The hall will be 38x80 feet with convenient closets and ante rooms. The front will be finished handsomely and will be in the latest style of architecture with a number of tasteful decorations. The interior will also be beautifully decorated. The cost of the hall is estimated at \$1,200.

A Chance for Nevada's Soil to Show Up. The soil of Nevada is now so thoroughly saturated with water that it will "laugh a crop" with a very slight tilling with a plow. Undoubtedly there will this season be gathered the biggest crops of alfalfa ever grown in the State, and the most of them. There will be no excuse for loss of cattle next winter. There will also be great crops of grain of all kinds and potatoes for all the coast. Our soil will have a chance this year to show what it can do when it has a fair chance.

Saw Mills Running.

The Truckee Republic, of Wednesday, says the merry buzz saw is now mangling the saw logs and the tanelful hum is pleasant music. The Truckee Lumber Company started their mill Monday, and the Boca mill commenced work yesterday. George Schaffer was intending to commence today. The other mills will start up in a few weeks. Most of the mills have log-cum on hand to last a month or six weeks, and by that time the loggers can get into the woods for a fresh supply.

George's Body Found.

The body of Henry George, the third and last victim of the Washoe Lake drowning disaster, was recovered yesterday morning. Coroner Peers held an inquest at Franktown yesterday on the three bodies and had two of them brought to Reno. The body of John Jones will be taken to Silver City by his father and brother William for interment.

SAID PASHA.

Next Wednesday's Opera at the Theatre. The story tells the fortunes of Said Pasha, a Turkish dignitary, whose daughter loves Hassan, his chief officer. He does not favor the union and declines to take her with him on a trip around the world. Two adventurers, seeking the daughter of one of them, stolen from him in infancy, are permitted to go with them to that country, and persuade the Pasha's daughter to don the disguise of a sailor and go with the party also. This is in the first act. The second is in India, where after a variety of complications, the long-lost daughter is found, and the Pasha's daughter finally gets her Hassan by tricking her father.

In the East it scored so heavily that it was decided to carry the production throughout the entire country. Philadelphia, New York and Boston were visited and the production was pronounced as well nigh perfect as comic opera productions of the present day can well be, which is saying a great deal. "Said Pasha" was arranged to amuse and please the auditor, and is placed before the public for that purpose. It is said to contain so many airs that become popular through the merry jingle they express that the auditor is left in confusion to decide which one he really likes best. The comedy element is also prevalent; in fact, so much so that an Eastern critic describes "Said Pasha" as "a long laugh set in smiles." Great scope in costuming has been given the management in "Said Pasha," and full advantage has been taken of it. The rich Turkish dresses used in the Pasha's harem scene are of the finest possible material and manufacture, and the same may be said of the rich Indian costumes, used in act second in the Rajah's palace. In fact, at the finale of this act, the beautiful scintillating of the silks and satins used to dress the characters and beautify the scene, leaves an impressive and effective picture in the minds of all fortunate enough to witness it. The scenery and mechanical effects were prepared especially, and are the same that were used in Philadelphia and New York. The cast is replete with names familiar to the patrons of musical and theatrical entertainments, and lends strength to the announcement that the production is perfect in every detail.

The leading characters are in the hands of such well known artists as Alice Gaillard, Ada Somers, Kate Marchie, Mamie Grey, Marie Bragazzi, John E. McWade, Stanley Felch, Francis Gaillard, Frank Valorge, W. H. Frillman, Fred Lennox, Fred Urbane, M. Cornell and others. The chorus numbers 40 well trained voices, and the orchestra will be increased to 20 men. Reserved seats are now on sale at Nasby's at the usual popular price. Remember the date, Wednesday evening, May 14th.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

It having been stated by Carsonites and several people of Reno that ex-Senator W. O. H. Martin might be a candidate for Governor on the Republican ticket, a Tribune man approached the gentleman yesterday on the proposition and was told that under no circumstances would he run for that or any other official position.—Carson Tribune.

A sea-serpent, 100 feet long, was seen to coil itself up in slippery folds on the coast of Florida last month. Three reliable persons saw this creature distinctly. Reader, the above is a "yarn." If people would believe the following truthful statement as readily as they swallow sea-serpent stories, it would be the means of saving thousands of lives. Dr. Pierce's Golden Medical Discovery, if taken in time and given a fair trial, will actually cure consumption of the lungs, which is really a scrofulous disease. If this wonderful medicine does not do all we recommend, when taken as directed, we will cheerfully and promptly return all money paid for it. Can any offer be more generous or fair? No other medicine possesses sufficient power over that fatal malady—Consumption, to warrant its manufacturers in selling it under such trying conditions. The "Golden Medical Discovery" is not only the most wonderful alternative, or blood-cleanser, known to medical science, but also possesses superior nutritive and tonic or strength-giving properties, which assist the food to digest and become assimilated, thus building up both strength and flesh. For all cases of Bronchitis, Throat and Lung Disease, accompanied with lingering coughs, it is absolutely unequalled as a remedy. For Weak Lungs, Spitting of Blood, and kindred affections, it surpasses all other medicines.

\$500 REWARD

is offered by the manufacturers of Dr. Sage's Catarrh Remedy for a case of Catarrh in the head which they cannot cure. By its mild, soothing and healing properties, Dr. Sage's Remedy cures the worst cases, no matter how bad, or of how long standing. Fifty cents by mail.

250 Beautiful Lots For Sale!

A RARE CHANCE FOR AN INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Avenue Riverside Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno.

Reno is the County Seat of Washoe County, the wealthiest county in Nevada.

RENO!

Has 5,000 Population and is Growing Rapidly.

The Loveliest Town!

The Cleanest Town.

The Wealthiest Town!

The Healthiest Town!

RENO

Is Supported by the Richest Farming Country of Nevada, Northern California and Southern Oregon.

RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented.

The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.

RENO!

Is the Railroad Center of Nevada.

RENO

Is the Educational Center of Nevada.

RENO

Is the Healthiest Town in Nevada.

RENO

Is Great, and Alfalfa is King!

The Safest Investment

IN THE STATE

RENO PROPERTY

Is the Cheapest on the Coast in comparison with that of other cities.

THE CALIFORNIA POWDER WORKS,

230 California Street, SAN FRANCISCO.

Manufacture and have constantly on hand

SPORTING, MINING, and BLASTING

POWDER,

A superior quality, fresh from the mills. It is being constantly received and transported into the interior, is delivered to the consumer within a few days of the time of its manufacture, and is in every way

Superior to Any Other Powder

In the market. We have been awarded

Three Gold Medals!

At the MECHANICAL INSTITUTE and the State Agricultural Society for the superiority of our products over all others. We call attention to our

Hercules Powder,

which combines all the force of other, strong explosives now in use, and the lifting force of the very

BEST BLASTING POWDER,

thus making it vastly superior to any other compound now in use.

Circular containing a full description of this Powder can be obtained on application at the offices of any of our agents.
